THE FIFTH PRAGUE CONFERENCE ON INFORMATION THEORY,
STATISTICAL DECISION FUNCTIONS AND RANDOM PROCESSES

The Czechoslovak Academy of Sciences, Institute of Information Theory and Automation, organizes the Fifth Prague Conference on Information Theory, Statistical Decision Functions and Random Processes which will be held in Prague, from the 9th to the 14th September 1968.

At the Conference, lectures on the topical problems in the mentioned disciplines will be delivered by mathematicians from Czechoslovakia and from abroad. The participants are invited to present communications. The results will be published in the "Transactions of the Fifth Prague Conference on Information Theory, Statistical Decision Functions and Random Processes".
